Earl and John Nagiller
Nagiller and Sons Inc.
420 N. 6th Street
Williams, AZ 86046

Dear Earl and John:

I want to start by thanking you for your continued management on the Smoot Lake and Moritz Lake Allotments. As requested on June 16, 2014, I am amending your Annual Operating Instructions (AOI) for the 2014 grazing year, authorizing you to utilize the Smoot Lake and Moritz Lake Allotments Allotment as follows:

Allotment	Pasture	Time Frame
Herd 1		
Smoot Lake	*Antelope / *BS	05/01-07/20 (200 cow/calf)
Moritz Lake	Drip	07/21-08/15 (200 cow/calf)
Moritz Lake	Juniper / Bull Basin	08/16-09/15 (200 cow/calf)
Moritz Lake	Moritz / Marlar / Faye	09/16-11/30 (200 cow/calf)
Smoot Lake	Smoot	12/01-12/31 (200 cow/calf)
Smoot Lake	Smoot	01/01-02/28 (235 cow/calf)
Moritz Lake	Rabbit	Rested
Herd 2		
Smoot Lake	*Red Rock / *Everett	03/01-07/20 (35 cow/calf)
Smoot Lake	Platten	07/21-10/21 (35 cow/calf)
Moritz Lake	Knobs	10/22-12/31 (35 cow/calf)

**The Following pastures will be monitored on July 15th 2014 for utilization and forage production. If at that time we are not exceeding light to conservative use of 40% throughout the pastures, then an addition month of use in the pastures will be granted until 8/15/14.*

***Please pay attention within Antelope pasture as your only water source is your water haul near Sheep Tank. Additional temporary drinkers will need to be set up in BS Pasture to alleviate use in Antelope Pasture and allow for better dispersed cattle between both BS & Antelope Pastures.*

Please notify us of cattle movements onto and off of the allotments, as well as refinements that may be needed to enhance the management system. If you identify the need to differ from this management system by more than 14 days, please contact District range personnel at least two weeks in advance so that we have time to conduct monitoring and assess your request.

If utilization levels within portions of a scheduled pasture approach allowable use, you are required to move livestock into areas not approaching allowable use. If cattle cannot be effectively managed away from areas within the pasture that have met allowable use or if utilization objectives are met throughout the pasture prior to scheduled rotation, contact

District range personnel. Cattle will be moved into the next available pasture within the annual rotation. In the event that forage utilization objectives are met in all available pastures, livestock will be removed from the allotment. Management adjustments will be made to the following years Annual Operating Instructions to avoid recurring situations.

If you have any questions or concerns, please contact Range Staff Jesarey Barela at (928) 635-5623 or jesareybarela@fs.fed.us or Rangeland Management Specialist Cherie Owens at (928) 635-5621 or cowens02@fs.fed.us.

Sincerely,

/s/ Danelle D. Harrison
